Highlighted Virtual Field Trip

Tsongas Industrial History Center - Lowell Mills

Follow the journey of a mill girl from her family farm in the New England countryside to her new job operating a loom in Lowell's Boott Cotton Mills. Students will meet two mill girls during their virtual visit to the boardinghouse and weave room, learning about each girl's unique experience of life and work in a textile mill, and experience for themselves a bit of what it was like to work in the mills.
